POS Transactions

With a customizable touch screen, PFB makes the sales process quick and easy. PFB's smart search allows for fast customer sales, enhancing loyalty. Split payment, advanced invoice printing and routing, simplify the sales process.

Customer Management

Track customer purchases and use for loyalty and marketing programs. PFB offers unlimited customer profiles with a complete invoice history and the ability to quickly search by account number, phone number or name. Assign one of six pricing levels or an automatic discount to each customer.

Stock Control

PFB provides live and accurate stock tracking for an unlimited number of inventory items, which can be standard hard and soft goods, and intangible items like service and labor. Returned, used and trade-in items are also controlled.

Sales & Promos

Configure multiple sales events and schedule them to automatically start at your convenience. PFB also has extensive multi-buy and mix n' match options. Increase sales with suggested accessories and tag-alongs. Coupon management is also built in.

Purchase Orders

Unlimited supplier and products can be maintained. Stock requirement lists, immediate cost charge warnings, customer's orders arrival notification and supplier back orders are all handled. E-mail PO's to vendors or create an export file.

Invoicing Tools

PFB has many tools that help you to ease the sales process, such as: Multiple hold/retrieve transactions, hold as orders/quotes, flexible pricing, discounts and price overrides, gift cards, age verification, coupons and price/weight in barcode.

Employee Control

Control staff access to all areas of the register and back office through group and individual security settings. There are other useful tools such as a time clock, internal messaging and activity logging that aid in management of your employees.

Reports & Data

With extensive import/export routines, use of data collectors, drill down options, report filtering and over 100 default reports, PFB fits most needs. However, with an SQL database, your data is available to other programs such as MS Office.

Gold Features

With a POSitive Gold Subscription you can stay in touch with your customers and integrate with third-party services. **Text Marketing:** Texting is built right into POSitive with your Gold Subscription! Have POSitive text coupons to your customers, or send a text to all of your employees at once. Your customers can text you, or easily find out the hours you're open, or their account balance. **POSitive API:** Integrate with third-party software using our API. **Plus more to come!** (*Gold Features require a Gold or higher subscription.)
