Inventory Control

PFR adjusts your inventory figures every time you receive stock, make a sale or process a return. Look up inventory quickly by SKU, department, category, description and even add your own options. An inventory matrix allows you to sell items in different size/color combinations.

Customer Management

Track customer purchases and use for loyalty and marketing programs. PFR offers unlimited customer profiles with a complete invoice history and the ability to quick search by account number, phone number or name. Assign one of six pricing levels or an automatic discount to each customer.

Invoicing Tools

PFR has many tools that help you to ease the sales process. These include but are not limited to: Multiple hold/retrieve transactions, flexible pricing, discounts and price overrides, gift cards, age verification, coupons and price/weight in barcode. There is also a built-in custom barcode label designer!

Sales & Promos

Configure multiple sales events and schedule them to start automatically at your convenience. With PFR's extensive sale and promo options, you can increase sales by easily adding mix'n match options, suggested accessories and tag a longs.

Reports & Data

With extensive import/export routines, use of data collectors, drill down options, report filtering and over 100 default reports, PFR fits most needs. However with an SQL database, your data is available to other programs such as Microsoft Office or Crystal Reports. POSitive Anywhere enables business owners and authorized personnel access to PFR reporting in real time from the web!

Payment Options

CHIP CARD PAYMENTS- We've partnered with Vantiv Integrated Payments to bring integrated EMV payment processing to our products. Not only can you accept chip cards, but the latest smart phone payment options such as Apply Pay and Android Pay. The card on file feature is also available for recurring billing or repeat customers!

GIFT CARDS- Bring new and repeat customers into your store with gift cards. PFR will let you sell, redeem and reload gift cards with any value you choose. This feature works with mag-stripe or barcoded cards.

POS Transactions

A fully customizable touch screen lets your design a layout that is easy for employees to use and controls their access to program features. PFR's smart search allows for fast customer sales, enhancing loyalty. Split payment, advanced invoice printing and routing simplify the sales process.
